

Have you already received many Christmas cards?

Today, we invite you to look at the cards you have received and choose one of the following exercises :

FIRST EXERCISE:

Take a card. Read it prayerfully. Think of the person (or the people) who has sent it to you. Look at the handwriting, at the signature. Allow memories to surface. Notice how you feel.

What would you like to tell them? What would you like to tell God about them?

Repeat this with other cards. Notice how you are interrelated to all these people, how you have received from them and how you have given to them.

SECOND EXERCISE:

Look at the pictures on the cards. What do they tell you? What do they want to convey? Ponder on them. Which one do you like most? Which one do you like the least?

THIRD EXERCISE:

Think about the charities who have sold the cards, what they do and how their charitable work is supported through the cards. Pray for the people who work in the charities and for those they serve.

Give thanks for what God has spoken to you through these cards.

season greetings to you!
Blessed Christmas!
